In rural U.S., fears of virus seem far away as stores reopen

By MATTHEW BROWN and AMY BETH HANSON
Associated Press

ROUNDUP, Mont. (AP) — Traffic got a little busier along Main Street, but otherwise, it was hard to tell that coronavirus restrictions were ending in the tiny Montana town of Roundup.

That's because it's largely business as usual in the town of 1,800 people. Nonessential stores could reopen as a statewide shutdown ended this week, but most shops in Roundup — the pharmacy, the hardware store, two small grocers — were essential and never closed.

A florist and a thrift shop reopened Monday, apparently two of the only stores that had to shut down at all. Bars and restaurants remain shuttered and getting takeout is still the only option until May 4, when they can open with restrictions.

Parts of the U.S. are starting to lift closures, and some of the quickest to do so have been rural states like Montana, Vermont and Alaska. The effects of the pandemic in small towns can seem a world away from cities grappling with overwhelmed hospitals, packed morgues and economies pushed to the brink.

Sector di construccion mester haya prioridad

ORANJESTAD - Awor cu gobierno ta papiando di flexibilisa e medidanan adopta pa contene e contagio di e coronavirus/Covid-19, sindicato FTA ta haya cu sector di construccion mester haya prioridad. E mester wordo exclui for di e lista di no esencial durante e shelter in place.

WAB cu ta representa varios compania di construccion a yega di expresa su preocupacion prome y despues cu nos pais a conoce e crisis di Covid-19 relaciona cu desaroyo di e sector aki. Presidente di FTA, Hubert Dirks a declara na Bon Dia Aruba cu sector di construccion por trece un alivio pa nos economia, ya cu e ta emplea hopi hende. Pues nan mester haya su prioridad, mirando cu turismo a cay y gobierno a decreta e lockdown.

El a bisa cu for di e prome dia cu nan a reuni cu minister di Labor, Glenbert Croes, conhuntamente cu otro invitadonan, ora cu alarma a wordo bati riba e prome casonan di Covid-19, caminda mester a cera nos frontera, nan a referi riba sector di construccion. FTA a informa cu nan ta haya hopi importante y nan a pidi pa laga e sector di construccion ultimo pa cera of stop di traha. Pero tambe pa nan laga e sector aki prome pa cuminsa draai, manera e situacion local ta permiti y prome cu nos frontera ta habri bek. "Esey ta yuda pa un movicion di placa," el a bisa.

Aunke tin algun trabao cu ta wordo haci, e ta kere cu mester por habri un poco mas. FTA ta spera cu e siman aki cu ta wordo constata cu e contagio di e virus ta kedando abao. Pues esey ta nifica cu nos tin espacio pa cuminsa habri gradualmente. "Mi ta sugeri cu e prioridad ta poni pa e parti di construccion," asina e sindicalista a bisa.

P'esey awor cu gobierno a anuncia cu lo cuminsa flexibilisa gradualmente e medidanan cu nan a introduci pa contraresta e transmision di e virus aki, ta bon pa nan duna prioridad na e sector di construccion. Como sindicato, presidente di FTA ta haya cu mester reactiva e sector di construccion.

FTA a yega di pone den nan carta pa esaki tuma luga, ya cu no solamente e ta afecta economia, sino entrada di hopi famia locual ta kita un tiki di dolor di cabes cerca esnan cu ta traha den e sector aki. E carta cu e ta referi na dje tabata dirigi na prome minister Wever-Croes relaciona cu tur e situacion di finanzas publico y problemanan di e trahadonan di e sector priva, y e medidanan cu mester wordo tuma. Den e carta ey -segun e sindicalista- FTA ta sugeri pa mientras tanto construccion mester cuminsa opera.

Presidente di FTA a indica cu tin construccion di casnan cu ta tumando luga. Ademas di proyectonan hotelero grandi manera The Secret Baby Beach y otro cu kier haci nan ampliacion cu ta wardando pa tur permiso bin cla. "Mi ta kere cu mester duna espacio pa nan continua," el a declara.

El a bisa cu si akinan nos ta referi na placa cu mester bin di afo pa trabou por wordo haci, e ta haya cu ta importante pa un reapertura di e sector di construccion tuma luga, pasobra nos mester di e divisa.

Personanan ta sigui cubri pa AZV

Si nan a diligencia prolongacion di permiso na tempo

ORANJESTAD - Ministerio di husticia ta hayando hopi pregunta relaciona cu e servicio cu DIMAS ta brinda na comunidad, ya cu actualmente debi na e crisis di coronavirus/Covid-19, e departamento aki ta trahando cu un minimo di personal.

E preguntanan mas tanto tin di haci cu personanan cu nan permiso, sea cu ta bay caduca of nan a caduca caba. Igualmente nan ta puntra riba status di nan permiso y con nan lo atende cu esaki.

Minister di Husticia, Andin Bikker a contesta pregunta di Bon Dia Aruba bisando cu esunnan cu ainda nan permiso no a caduca, pero cu nan mester haci nan cita digitalmente pa cumpli cu e regla di tres luna prome cu nan permiso ta caduca, pero actualmente no ta posibel pa hacie, ya cu nan sistema no ta duna chens pa hacie.

E mandatario a bisa cu a duna

chens te cu 9 di april pa haci cita via e sistema online di DIMAS pa asina e persona por cuminsa cu nan proceso di peticion di permiso. Loke el a compronde for di DIMAS CU bo por haci cita atrobe. Sinembargo debi na e situacion actual di COVID-19, e mandatario ta recomenda e persona cu ta den e situacion aki pa nan por manda un e-mail na info@dimasaruba.aw. Of tambe bo por yama e linea di emergencia pa atende cu nan caso.

Igualmente Bikker a agrega cu den e reglamento di DIMAS ta para cu un persona cu mester renoba su permiso, e mester entrega su peticion idealmente tres luna di antemano, prome cu e permiso caduca. Igualmente e ley den e ley di AZV ta para cu ora un persona a entrega su peticion pa prolongacion di su permiso na tempo, e persona ta sigui wordo cubri pa AZV.

E declaracion aki ta trece tranquilidad na e grupo di per-

sona cu ya caba a diligencia su peticion di renobacion caba, pero ainda su permiso no a bin cla debi na e situacion actual cu nan ta trahando cu minimo di personal como protocol di bio-siguridad contra coronavirus.

Sinembargo el a laga sa cu e tematica di un grupo cu ta wordo afecta actualmente ta personanan cu no a observa di entrega nan aplicacion prome cu nan permiso a caduca. Es decir nan a tarda y nan permiso a caduca. El a bisa cu e proceso no a cambia pa nan

si e coronavirus no a bin dia 13 di maart ultimo. Si e persona no a aplica na tempo y nan permiso a caduca, e tardamento di prolongacion di e aplicacion ta bay di e manera normal.

Consultorio di Asuntonan di Adiccion no a haya caso nobo den temporada di Covid-19

ORANJESTAD - Consultorio pa Asuntonan di Adiccion (CAA) a duna di conoce cu na e momentonan aki nan ta sigui traha, cu su clientenan y via telefon; pero cu nan no ta aceptando clientenan nobo.

Asina a informa Arthur Comenencia, cu pa e crisis aki di coronavirus e dos oficina di Consultorio pa Asuntonan di Adiccion ta habri, pero nan no ta atendiendo publico. Esey ta depende di si algun di e caso ta den Ministerio Publico of Directie Voogdijraad. Loke el a splica ta cu nan ta atendiendo nan clientenan regular pa wak si nan mester di algun ayudo.

Di e clientenan regular aki cu nan tin, Comenencia a señala cu nan tin nan tratamiento y CAA ta pendiente di esey hunto cu e mayornan of famianan, con su progreso ta bayendo. Asina mes el a afirma cu hopi di nan cliente a haya esey y a drenta den centro for di comienso di aña, prome cu e situacion di Covid-19 a inicia na luna di maart.

Den nan oficina di CAA, el a comenta tin algun persona cu ta haya cuminda diariamente den oranan di mainta y merdia. Loke ta trata e centro na Sero Colorado nan no ta tumando niun cliente nobo, loke ta nifica cu esunnan cu ta eynan mes ter keda.

Tambe el a sigura cu e parti di higiena y prevencion a wordo implementa y controla, nan mester laba nan man constantemente.

Ademas el a comenta tocante e clientenan cu ta na Meiveld, CAA a comunica cu nan famia cu e momento aki ta uno di crisis, pa asina nan por tene nan familiar den cas. Comenencia a splica cu nan a papia hopi cu e famianan di loke ta trata e tempo aki, pa e personanan cu ta adicto por keda cerca nan pero na un luga aparte, pa motibo cu asina por preveni cu nan lo keda riba caya.

Asina mes, Comenencia a trece dilanti cu pa loke ta trata e clientenan di Centro Di Motivacion (CDM) na KIA ta esunnan cu tin bonus. Algun di nan tin tempo di un aña y otronan di dos aña. Aworaki tur cliente cu ta eynan di CAA mester cumpli cu e añanan cu hues a pone y cu nan mester caba nan tratamiento, pa motibo cu ta algo obligatorio.

Tambe el a laga sa cu nan tin control severo via Directie Volksgezondheid DVG y a base di esey nan tambe tin control di Task Force di e crisis team. Ademas otro casnan como Cas Aliansa tambe ta dunando un man y e proceso di screening ta bayendo normal.

El a expresa cu prome cu e situacion di coronavirus, tabatin personanan adicto cu a drenta den centro y nan ta eyden ainda. Loke nan ta haci pa esunnan cu a pidi ayudo prome cu e situacion di crisis ta cu nan a hinca un total di 6 persona den centro. Pero aworaki, pa esunnan cu ta riba caya CAA ta bezig cu un 'plan di atake', pa wak con nan ta bay haci. Aunke nan ta haya cuminda, el a afirma cu awor e famia ta dunando un man y poco poco nan lo cuminsa ingresa nan den centro.

Di e plan di atake aki, Comenencia a expresa cu lo por cuminsa den cuatro of cinco luna, prome cu e aña caba, pa nan por tin un 'rehab of detox center' pa por yuda tur e hendenan cu ta adicto y cu ta riba caya.

Comenencia tambe a expresa cu te ainda nan no a haya casonan nobo di adiccion ya sea pa video gaming of pa otro substancianan como droga. Den caso aki el a haci un yamado pa si den algun momento un persona ta sinti cu e situacion ta sali for di man cu adiccion pa droga of video gaming, nan por yama CAA na e numbernan 583-0305 of 584-7377, na e momentonan di crisis cu personanan mester cumpli cu medianan como toque de queda y shelter in place y cu por causa depresion y stress.

Den casonan asina, Comenencia a splica cu nan por haci algun excepcion pa casonan di emergencia, pero te momento no a wordo presenta un caso asina. "Nos ta kere cu e informacion cu nos a duna a funciona y nos kier cu esey por keda asina", el a sigura.

'Deskundig advies' ta costa casi 1 miyon extra pa 2020

Parlamentario Daphne Lejuez cu pregunta riba presupuesto DOW 2020

ORANJESTAD - Parlamentario independiente Daphne Lejuez a manda recientemente un lista di pregunta relaciona cu presupuesto 2020 di DOW, cu mester haya tratamiento ainda. Di un lista bastante largo nos a scoge algun como prioridad.

Lejuez ta haci pregunta encunto e problema di mantencion di e dos sistemanan di purificacion di awa sushi, e asina yama Riool Water Zuiverings Installatie (RWZI) na Bubali y na Zeewijk. Su preguntanan ta concerni nan estado malo cu gobierno mes ta señala den e Memorie van Toelichting di e proyecto di ley, y kier haya sa kico ta e plannan pa mehoracion. Tambe kico ta bay ta e gastonan cu esaki ta encera y cu ta desea di ricibi un resumen di e gastonan pa cada instalacion. Y den caso cu gobierno no ta dispone di suficiente recurso pa drecha y mantene e instalacionnan, kico lo ta e plannan pa logra esaki.

Tambe e ta referi na e expectativa (di gobierno) cu e instalacionnan por bende mas awa procesa den e aña aki. Mirando e actual estado di e instalacionnan, e ta puntra si ta un expectativa realistico cu, bao administracion di Beheer Infra, bao di e post 8413 (dienstverlening derden) e entrada calcula di Afl. 2,5 miyon ta realisable, mirando cu na 2018 tabatin presupuesta solamente Afl. 864.624.

Ademas ta remarca cu actualmente e mayoria di e hotelnan no ta opera na Palm Beach pa motibo di e ciere di frontera relaciona cu e coronavirus Covid-19. Esaki lo por implica cu e instalacion na Bubali lo no haya tanto awa pa procesa, loke lo conduci na un bahada di e nivel di awa. E parlamentario ta puntra kico ta e plan mirando e desaroyo reciente aki y si por comparti un copia cu Staten. Tambe ta puntra si a considera caba ki efecto e bahada di nivel di awa por tin como consecuencia pa flora y fauna na e lugar y si tin un plan traha caba pa esaki.

Lejuez ta observa cu tin den presupuesto un suma di Afl. 500.000 pa overtime y lo ta desea di haya sa pa cual obra lo destina esaki y pa haya un resumen di e oranan extra proyecta y un hustificacion pakico ta premira cu no por caba e trabaonan proyecta den oranan normal.

Alavez ta observa cu tin un suma di Afl. 162.500 reserva pa curso y lo desea di haya un lista specifica di e cursonan planifica y pa ken e cursonan ta destina.

Ta observa seguidamente cu e suma pa 'deskundig advies' a aumenta cu casi Afl. 1 miyon compara cu 2019. E tabata Afl. 1.575.000 y a bira Afl. 2.485.000. Si por a haya un splicacion al caso pakico e aumento asina drastico aki y pa cual departamento y proyectonan lo bay usa e suma aki; cu un resumen pa cada departamento, proyecto y e gastonan presupuesta pa cada uno.

Finalmente Lejuez ta observa cu na e momento aki tin truck di container ta coriendo mas tanto riba e camindanan mas chikito na lugar di e camindanan mas grandi, por chemplo Watty Vos Boulevard direccion Balashi. E ta puntra si DOW no tin un mihor proposicion pa e trucknan aki, ya cu e uso di e camindanan secundario pa e tipo di trafico aki lo resulta den mas gasto di mantencion pa gobierno.

Tambe kico DOW tin pensa di haci pa, den colaboracion cu DIP, acelera e procesonan di verkaveling. Den e cuadro aki ta puntra tambe kico DOW tin pensa di haci pa acelera e proceso di permiso pa construi (bouwvergunning) y ta puntra kico ta opinion di gobierno pa eventualmente reconoce mas arquitecto y civiel ingenieur pa por acelera e proceso aki.

Entrevista cu presidente di ASOCOL, Moises Fernandez

“Nos campaña ta pa full e comunidad di Aruba”

ORANJESTAD - E pandemia actual di e coronavirus/Covid-19 su efecto social y economico a revela cerca nos, loke algun biaha a wordo bisa: “Na Aruba ta existi un pobreza disfresa.” E tempo aya e frase aki a herida nos orguyo, pero lamentablemente awe e ta muestra nos otro realidad.

E solidarismo di instancianan di sector publico y priva, hunto cu e iniciativanan di clubnan social, asociacionnan, parokianan, fundacionnan, iglesianan, etc., pa yuda alivia e necesidad cu cantidad di famia ta pasando aden, ta uno grandi, tambe di aplaudi y elogio. No solamente nan ta yuda personanan cu a perde nan trabao debi na e crisis actual, sino di hopi mas hende cu a perde nan trabao for di hopi tempo caba, pero tambe di esunnan cu a wordo explota laboralmente.

Solidaridad

Un fundacion cu a dicidi di uni nan esfuerzo cu e accion di solidaridad humanitario aki ta Asociacion Amigos de Colombia (ASOCOL). E ta un asociacion mas cu 30 aña di existencia. Apesar di su nomber, nan no ta haci diferencia riba nacionalidad, ya cu e necesidad no ta conoce nacionalidad. E biaha aki ASOCOL hunto cu fundacion Dominicano Juan Pablo Duarte, y emisoranan a dicidi di organisa un campaña di donacion di alimento yama: Uni Contra Covid-19.

Durante un entrevista cu Bon Dia Aruba, presidente di ASOCOL, Moises Fernandez a bisa: “Nos campaña ta pa full e comunidad di Aruba. Nos no ta discrimina cu nacionalidad. Nos no ta discrimina cu status social. Nos ta clasificando pa via di e necesidad di e personanan y e famianan cu necesidad.”

Fernandez a declara cu nan a dicidi di uni esfuerzo den e situacion abnormal aki, caminda e parti social y economico di un gran parti di nos comunidad a wordo afecta. Nan ta purba di yega cu ayudo na un grupo di famianan ‘menos favoreci.’

Nan a clasifica e gruponan, entre nan: cabes di famia, mama y tata. Pues nucleo familiar grandi cu tin varios yiu. Tambe famianan cu tin

hende handicap of cu limitacion fisico y tambe personanan di tercera edad of anciano.

E ta reconoce cu actualmente ta bira hopi complica pa nan bay verifica si e personanan of famianan cu ta bati nan porta, berdaderamente ta den necesidad. Nan si tin contacto cu otro organisacionnan cu ta brinda e tipo di ayudo aki pa evita cu e mesun hende ta bin dos of tres biaha, ya cu esey a yega di pasa.

Durante e fin di siman pasa, nan a logra di reparti ayudo alimenticio pa 65 famia. E tabata nan prome accion di reparticion di alimento y e weekend aki, nan lo bin cu nan di dos accion di pakete di alimento. Actualmente riba nan lista nan tin un cantidad di casi 40 famia cu nan kier yuda cu e pakete di alimento aki. Nan tin algun pakete cla y nan lo wordo entrega na e grupo cu tin mas prioridad debi na nan necesidad.

Mas ayudo

Awe diasabra nan ta haci entrega di e pakete aki teniendo na cuenta e medidanan di higiena y distanciamiento social. Nan ta tuma contacto cu e hendenan cu nan tin riba lista pa nan bin busk’e na un ora specifico y evita un rij largo of congestionamento. Esun cu no por bin busk’e pa algun motibo, nan mes ta entrega pa nan. Eynan nan por mira e grado di necesidad cu e famia tin. “Definitivamente bo no por imagina e panorama cu nos a yega di mira, ora cu nos ta entregando e ayudo aki. Sinceramente bo ta haya bo geshock pa e situacion ey,” segun presidente di ASOCOL.

P’esey ASOCOL ta sigui bati porta cerca e companianan y personanan di bon curason pa duna nan un ayudo, pa asina nan por yuda otronan den necesidad. Fernandez a muestra su positivismo y esun di su team pa logra beneficia casi 100 famia cu e pakete di alimento aki. E ta gradici e miembronan di e team aki pa nan ayudo y sacrificio, nan ta: E tres ruman muhe Yurani Garcia, Jhojana Garcia, Yuly Garcia, Karen Reyes y Jimmy Garcia.

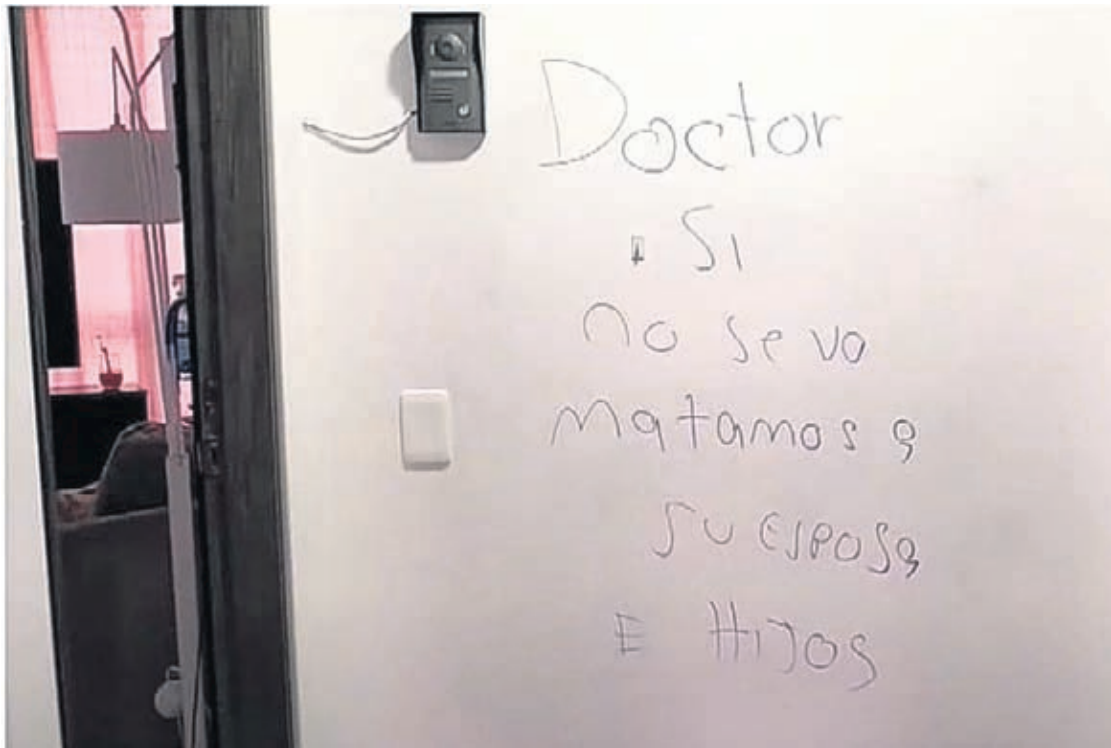

Fernandez a bisa cu si ASOCOL por logra ricibi mas ayudo y si e hendenan ta sigui colabora cu e asociacion aki, nan lo keda mantene e cam-

paña di ayudo aki y bin cu e di tres accion di rond di entrega di ayudo.

“Nos intencion ta di por yega na un cantidad hopi mas grandi, pero e recursonan ta limita. Te unda nos por, nos

Colombia: Bisiñanan ta menasa dokter cu morto pa yuda pashent di COVID-19

BOGOTA (Infobae) - Bogotá ta hopi conmovi pa un serie di agresionnan y menasan cu un dokter peditra a sufri, pa via cu e ta traha dia y anochinan pa atende e pashentnan di COVID-19 y algun bisiña ta exige violentamente pa

cambia di vecindario, pasobra nan ta imagina cu e por contagia nan.

“Dokter, si bo no ta bay nos lo mata bo casa y bo yiunan”, tabata bisa e menasa cu a aparece skirbi na un muraya di su cas e 22 di april pasa, e imagen a wordo publica na redanan social y a causa un rechazo inmediato di miles di Bogotano y di personal medico di e capital Colombiano.

Sinembargo, e personanan violento no a cambia di opinion y den oranan di marduga di dialuna ultimo, un persona a tira un piedra pa kibra un

bentana di e apartamento na unda e medico ta biba cu su famia.

Pa via di accionnan aki, autoridadnan di Colombia a priminti di haci tur lo posibel pa identifica e autor di e menasa. “Nos tin cu recorda cu e ta biba na un toren di 15 piso y p’esey tur e investigacion lo permiti nos aclaria con e situacion a presenta”, e coronel Necton Lincon Borja, comandante operativo di polis di Bogota a confirma. Moro, ken como hues a conduci na prizon e ex-presidente Luiz Inacio Lula da Silva, a anuncia e mesun diabierna su

renuncia despues cu Bolsonaro a kita e director general di e Polis Federal, Mauricio Valeixo.

Durante un discurso den cual el a anuncia su retiro, e ex-hues a cuestiona e interferencia politico di e mandatario den e nombramento di funcionnan tecnico, incluyendo e director di Polis Federal.

Segun e magistrado, ta posibel pa habri un investigacion contra Bolsonaro ya cu e echonan cu Moro a bisa tin relacion cu ehercicio di e funcion di e mandatario. Segun e Constitucion Brasileiro, e presidente no

por ta investiga pa actonan cu a sosode afo di ehercicio di su mandato.

“E crimen cu presuntamente e Presidente di e Republica, segun loke a wordo informa pa e minister di Husticia y Siguridad Publico na e momento ey, ta parce mantene un conexion intimo cu e ehercicio di e mandato presidencial”, De Mello a argumenta den su decision.

E apertura di un investigacion na Tribunal Supremo tin como obhetivo aclaria si Bolsonaro a comete un delito eventual di falso ideologia, coaccion, prevaricacion u ob-

struccion di husticia, entre otro.

politico den su mandato, cu ta uni pa e problema cu ta enfrenta pa e pandemia di coronavirus, cu tin mas di 4.200 morto y tin casi 70.000 caso confirma.

Mexico den fase tres di coronavirus ta relaha e medidanan di aislamiento

CIUDAD DE MEXICO (Infobae/LATimes) - Aunke Mexico ta den fase tres di e pandemia di COVID-19. Esey no ta parce di ta un argumento valioso pa sigui e recomendacionnan

di autoridadnan sanitario, e reportenan di movilidad ta indica cu e hendenan no ta keda den cas.

Di acuerdo cu e director general di Promocion di Salud, Ricardo Cortes Alcala, ainda ta existi estacionan di e republica cu no a logra disminui e movilidad di e personanan den mas di 50%, lo cual ta representa un dificultad pa evita e plamamento di e virus nobo.

Venezuela: Muhe ta duna luz den fila pa haya gasolin

(ElNacional) – Un muher a duna luz ayera mientras e tabata warda su turno den e fila largo pa tuma gasolin cu su vehiculo den sector Tomuso de Santa Teresa del Tuy, na Miranda, segun reporte di e periodista Jean Rodriguez riba Twitter. Segun e periodista, e mama y su baby a ser hiba pa hospital despues.

Desde inicio di e cuarentena a mira e falta di combustible na tur parti di e pais, cu filanan hopi largo den cual e personanan tin vez mester warda mas di un dia pa por haya algo di gasolin. Generalmente ta permiti tuma cantidad limita pa cada auto, entre 15 y 25 litro segun e denunciacion. Ademas ta scucha denuncia di caso unda tin un fila alterno pa esnan cu ta paga na

dollar. Usuarionan riba red social a denuncia tal hecho na e stacion ubica na autopista Francisco Fajardo na altura di Caricuao.

Un di e personanan na e

lugar a afirma cu nan ta paga entre 10 y 15 dollar pa por yena tanki di nan vehiculo cu gasolin. Tambe tabatin denuncia di situacionnan unda no ta duna preferencia na personal medico y otro serviccionan clave.

E cuarentena actual ta parce un casualidad util pa e regimen, pasobra asina ta limita e consumo di combustible di e ciudadano. Sin embargo, escasez ta limita tambe e transporte di producto fresco di campo pa ciudad, loke ta causa escasez di cuminda den e areanan urbanisa importante.

Venezuela: Maduro ta nombra narcotraficante El Aissami ministro di petroleo

(Infobae/Lapatilla) – Cu presion internacional aumentando riba e dictadura Chavista y e crisis petrolero cu a corta gravemente entrada di e regimen for di petroleo, Nicolas Maduro a designa Tarek El Aissami como ministro nobo di petroleo di Venezuela, segun informacion publica dialuna pasa den Gaceta Oficial.

Tambe a nombra Asdrubal Chavez, primo di e fayecido presidente Hugo Chavez, como presidente di Pdvs, como reemplazo di Manuel Quevedo. El Aissami ta un di e funcionarionan Chavista cu a aparece recientemente hunto cu Nicolas Maduro riba e lista di personanan busca pa narcotrafico, cu miyones di dollar di recompensa riba nan cabez.

Na februari 2017 Oficina di Control di Activo Stranhero di Departamento di Tesoro di Merca, a designa El Aissami “como narcotraficante specialmente designa pa desempeña un papel significativo den trafico internacional di droga”.

E subsecretario interino di estado pa asunto di hemisferio occidental di departamento di estado di Merca, Michael Kozak, a reacciona riba e nombramento di Tarek El Aissami bisando cu esey no lo ta mas di e mesun maneho y corrupcion. “Cera conoci cu e ministro nobo di petroleo di Venezuela, Tarek El Aissami: Sanciona, acusa y busca pa trafico di droga”, Kozak a expresa riba su cuenta di Twitter.

El Aissami ta hereda e sector di petroleo den un situacion critico; ningun refineria ta capaz di produci gasolin na e momento aki y presidente Maduro mester a acudi cerca regimen totalitario Irani pa haya ayudo pa cuminsa drecha e instalacionnan petrolero, despues di e salida di e Rusonnan (Rosneft) y gobierno di China cu no kier a aumenta inversion den sector di petroleo Venezolano.

Consumidor ta gañando tocante uso di hariña integral

AMSTERDAM (Dutch-News.nl) - Hopi fabricante di alimento ta gañando publico via di e label di productonan como ‘integral’ ora cu solamente un parti di e hariña utiliza ta contene grano, esaki ta locual e asociacion Hulandes di consumidornan Consumentenbond a bisa. “Algun di e fabricantenan ta utilizando hariña integral como un triki di benta pa productonan poco saludable cu ta contene hopi sucu y grasa satura”, e director Sandra Moleenaar a bisa.

“E personanan ta pensa cu nan ta haciendo un escogencia saludable, pero a menudo

e producto solamente ta contene un proporcion chikito di hariña integral. Exactamente cuanto tampoco no tin claridad”. “E leyman di alimentacion Hulandes ta rekeri cu e pan integral ser haci di 100% hariña integral, pero otro reglanan ta aplica pa e buscachinan y pasta.

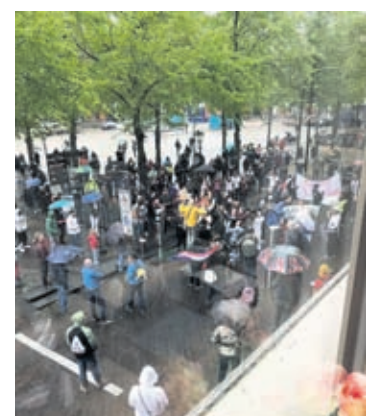

E reglanan ta establece cu usa hariña comun, e porcentahe mester ta claramente marca riba e pakete. E mini buscachinan integral Lu, por ehemplo ta solamente 30% di hariña integral, mientras cu e Liga BelVita chocolate softbakes ta contene 10% o di hariña integral, Consumentenbond a bisa.

Anti-vaxxers, anti-5G y anti-lockdowners a manifesta na Den Haag

DEN HAAG (Dutchnews.nl) – Alrededor di 200 persona a participa na un manifestacion na Den Haag diasabra ultimo pidiendo un fin na e cierre y acusando gobierno di e panico innecesario.

Anti-vaxxers y activista ta contra e introduccion di e servicionan di telecomunicacion 5G tambe a participa na e demostracion pafo di e entrada di Parlamento Hulandes.

Algun di nan cu banner cu ta bisa “bida ta bin prome cu morto” y ‘caba cu e blokeo’. Polis no a interveni pa interumpi e manifestacion y no ta cla kende a organisa esaki realmente, Nu.nl a bisa.

Trahadonan di Bopec tin miedo pa perde trabou

KRALENDIJK – Trahadonan di Bopec na Bonaire tin miedo di perde nan trabou. Recientemente e Creditor di e refineria na Curaçao RDK a confisca instalacionnan di Bopec, pa motibo cu e doño e petroleo Venezolano PdVSA ta debe nan placa.

Actualmente casi no tin actividad na Bopec ni no tin entrada. No a bisa e elaboradonan na Bonaire nada tocante kico lo bay pasa awor cu nan compania y nan ta fada di

e incertidumbre. “Nada no ta abierto”, I.B. ta bisa, e ta sup-contratista na Bopec. “Nos no sa con ta para cu nos.”

E director di RDK, Marcelino de Lanoy ta bisa cu ta tene cuenta cu e interes di e personal di Bopec. Pero no

ta papia tocante con ni kico. Esaki ta segun e fuente Retkaribense.

No tin claridad

“E temponan aki ta inseguro. Mi ta keda positivo. Ainda mi tin speranza cu tur cos lo bira bon na Bopec. T’aki mi ta gana mi pan porfin”. Johnny Vlijt cu ta traha pa su mes ta bisa. “Por ripara e sintimento di inseguridad seca tur hende. Mi ta trata di motiva mi coleganan pa keda positivo.

Pa keda papia cu otro ta importante, pero ta net esaki parce ta un problema. E elaboradonan tin hopi pregunta. Nan ta teme cu awor na a perde nan trabou y nan entrada. E tension ta subi bira halto.

“Mi ta perde confiansa cu e loke ta pasando”, un otro trahado cu ta prefera di keda anonimo ta bisa, “no tin claridad. Y no tin confiansa tampoco. E sindicato y e directiva no ta duna basta informa-

cion. Mi tin e sintimento cu BPWU (e sindicato di e personal) y PdVSA na Venezuela ta para hunto na mesun banda di e problema. Nan no ta conta henter e berdad.

E bontnan

Junny Pourier di BPWU sa kico ta biba bou di e personal. “E elaboradonan ke informacion pero esaki no tin. Nos tin dos aña caba ta tende e mesun promesa di Venezuela cu tur cos ta bou di control y cu nan lo manda e cen pa Bopec. Te awe no a manda cen. Aparentemente tin cen pa e tres lunanan binidero pero loke lo pasa despues nos no sa.”

Segun Bernabela ta negoshia cu tur partido involvi. Fedebon a traha un plan di enfoke. “Actualmente mi no por bisa mas di e plan. Pero un cos ta sigur. Mester bini un solucion sino Boneiro ta hay’e den un crisis. Tin mas cu shen famia ta depende di Bopec.”

Hulanda a pone disposicion di 7,2 miyon pa proteccion di naturalesa

SABA/ST. EUSTATIUS (thedailyherald) — Gobierno Hulandes a pone un disposicion di 7,2 miyon duro pa e proteccion di naturalesa y e desaroyo di agricultura de Caribe Hulandes entre 2020 y 2030. E placa ta suma na 1,6 miyon euro ya asigna pa Bonaire, Sint Eustatius y Saba.

E minister di Agricultura, Naturalesa y Calidad di Alimento, LNV Carola Schouten, a anuncia e asignacion di fondonan bou di plan politico di Naturalesa y Medio Ambiente di Caribe Hulandes den un carta dirigi na Tweede Kamer, Tmabe den representacion di e minister di Medio Ambiente y Vivienda Stientje van Veldhoven, y e secretario de Estado de Asunto de Interior y Relacionnan di Reino Raymond Knops.

E rifnan di coral di Caribe Hulandes ta bou presion. Esaki no solamente tin consecuencia pa e biodiversidad di e islanan sin tambe pa su prosperidad economico. E coralan den awa alrededor di Bonaire, Statia y Saba ta menasa pa erosion y contaminacion di awa.

E erosion ta causa principalmente pa mas di 40,000 cabrito y otro bestianan manera burico cu ta cana liber rond. E bestianan aki ta haci cu e tera di e superficie ta termina den lama, locual consecuente ta dañá e coral. Pa evita esaki sucede, lo profesionalisa e cria di cabrito cu ta inclui e cria den un confinamiento.

E medidanan ta ser tuma pa evita e leak di awa residual, cu ta contene nutriente manera fosfaat y nitraat, pa bay den lama. E nutrientenan aki ta stimula e crecimiento di algae cu ta crece over di e coralan.

Un investigacion recien a muestra cu ta posible pa planta y cultiva coral di staghorn y elkhorn cual ta habitat natural di diferente especie di pisca. E investigacion tocante esaki lo ser amplia bou e Policy Plan.

Proteccion di coral ta un di e elemento di e Policy Plan di naturalesa y medio ambiente pa e proximo 10 año cu a ser elabora den colaboracion cu e islanan. E plan lo cubri tambe e proteccion di areanan y especienan natural y e uso sostenible di e tera y awa.

Traficantenan di droga “mas activo y creativo” durante crisis di corona

AMSTERDAM (DutchNews.nl) — E pandemia di coronavirus no ta deteniendo e traficantenan di droga internacional, y algun di nan a probacha di e emergencia medico, esaki ta locual e hefe policial Hulandes a bisa AD. De todo caso e traficantenan di droga ta birando mas creativo y activo, hefe policial di Rotterdam Fred Westerbeke a bisa. Polis ta sigui haya cocaina na puerto y reciente a confisca un cantidad grandi den u envío di articulonan medico, Westerbeke a bisa.

Mas o menos 40 persona a wordo aresta den e ultimo simannan kende tabata drumi den containernan na e puerto, pa nan por move e droga cu ta scondi den cargamento pa dia. “Nos ta arestando e personanan aki diariamente y por ta sigur cu nan no ta eynan por nada”, Westerbeke a bisa. E demanda di cocaina durante e crisis no a baya, Westerbeke a bisa. “E uso lo a baha pero mi no ta kere cu a reduci e mita.

E prijs no ta bou presion, pero e medidan-

an di coronavirus ta haciendo cu e distribucion ta mas dificil pa e bendedonnan cu simplemente tabata crusa e frontera cu auto. Pero nan a haya un forma di evita esaki, por ehemplo, habriendo rutan bieu di contrabando o via otro medianan.

No ta facil pa pensa dos bes tocante e traficantenan di droga. E traficantenan tambe a cambia nan tacticanan, e hefe policial a bisa. E echo cu personanan ta na cas y mirando door di bentana ta wanta e trafico di droga riba caya, el a bisa. Sinembargo e distribuidonan a muda na luganan na unda tin mas hende, manera supermercadonan y DIY hefe di polis a bisa

Parlamentario Alan Howell(POR):

‘Contento cu ta existi e posibilidad pa entrega 25% di salario’

ORANJESTAD - Parla-mentario Alan Howell ta comenta cu durante re-union publico den Parla-mento hunto cu e sindica-tonan siman pasa, ta hopi informacion y opinion a wordo intercambia. Sindi-catonan a pidi Parlamen-to un reunion pa scucha cuanto e parlamentari-onan ta bay entrega pa ta solidario cu pueblo den e situacion di crisis cu nos ta bibando aden pa loke ta Covid-19. Loke e sali na cla ta cu parlamentari-onan di Aruba ta bay entrega por lo menos 20% di nan salario.

Pero na mes momento, siguiendo su declaracion di siman pasa, Alan Howell a indica na e sindicadotnan cu ta berdad cu el a propone pa entrega 25% di salario di tur parlamentario. Durante e encuentro publico den Parlamento tabata un gran satisfaccion pa parlamentario Howell scucha cu tin e disponibilidad di e fraccionnan presente pa entrega mas di 20% cu por bira 25%. Parla-mentario di POR a pone enfasis cu esnan cu tin un salario mas halto ta e prome-nan cu mester contribui y sigur prome cu yega na esnan

cu un salario chikito. Den caso unico aki unda nos tur mester contribui esnan cu schouder mas hancha mester contribui un porcentahe mas halto cu esnan cu schouder mas chikito, ta opinion di Alan Howell.

Durante un siguiente re-union publico pa atende e tema lo tin un debate pa sa kico lo entrega finalmente, pasobra na final nos ta den un estado democratico y ta mayoria ta esun cu ta dicidi. Segun Howell e tabata un bon reunion caminda hunto tur presente a pone Aruba na prome luga.

Parlamentario Endy Croes(MEP):

‘A duna splicacion amplio na sindicato con e proceso ta cana y cu Parlamento lo entrega minimo 20% ‘

ORANJESTAD - Parla-mentario Endy Croes a splica cu diabierna ultimo 24 di april Presidente di Parlamento Juan Ady Thijsen a invita Sindica-tonan pa un Openbare Bijeenkomst cual a wordo transmiti pa henter co-munidad. Esaki ta debi cu Presidente di Parlamento a ricibi un carta di 5 sindi-cato “TOPA, SEPPA, SPA, SIMAR, SADA” fecha 22 di April 2020 demostrando nan preocupacion pa cu Parlamento.

Gobierno No a menciona Parlamento den su carta na sindicato:

Sindicatonan a expresa nan preocupacion comokiera cu den e contesta cu nan a ricibi di gobierno riba e fecha 22 di April no por a mira nin-gun caminda cu Parlamento tambe lo bay entrega. Pues e carta ta exclui Parlamento. E carta a splica cu Ministernan, Ambtenaar y cu lo haci peti-cion na overheids NV pero no a menciona Parlamento. Pa e rason aki sindicatonan a saca nan conclusion erroneo basa riba e carta di gobierno cu Parlamento lo no ta prac-tica solidarismo pa cu esnan cu a perde trabou y cu Parla-mento no lo bay entrega.

Presidente di Parlamento no a basila y a invita sindi-catonan mesora:

Presidente di Parlamento no a duda y a invita e 5 sindi-catonan pa un Openbare Bijeenkomst 24 di april den

sala di Parlamento pa asina por scucha y compronde nan inquietud mas mihor y alaves duna splikacion di banda di Parlamento pa aclarea esaki.

Parlamento ta independi-ente y gobierno no por pa-pia den su number:

Den un reunion cu na bay den un hopi bon ambiente cu respet pa otro Presidente di Parlamento a habri e re-union y mesora a lesa e carta di e 5 sindicatonan firma pa nan woordvoerder Edward Maduro di SADA. Presidente di Parlamento a duna un con-testa amplio na e carta spli-cando henter e proceso con Parlamento ta funciona. A splica e sindicatonan cu Parla-mento ta un entidad riba su mes completamente separa di gobierno kende tin e tarea pa traha Ley y controla gobierno. P’esey legalmente gobierno nunca por papia den number di Parlamento pa cual rason corectamente gobierno no a menciona Parlamento den e lista cu el a informa sindi-catonan kendenan tur lo bay entrega. Despues a pasa palabra pa Edward Maduro y tambe pa diferente Parla-mentario.

Parlamento a inicia su proceso mediante Ley desde fin di maart:

Den continuacion a splica sindicatonan pa tur claridad cu Parlamento a inicia e pro-ceso pa entrega parti di nan salaris mediante un Ley des-de final di maart esta mucho mas prome cu gobierno y

prome cu e negociacionnan entre gobierno y sindicato. E proceso di un ley mester cana su caminda pa Raad van Advies y ta na e momento cu e yega bek Parlamento lo por yama un reunion publico pa e wordo trata. Inicialmente den e Ley aki tin hancra cu Parlamento lo entrega 18.6% pero awor cu a bira conoci den negociacionnan di go-bierno y sindicato cu a yega na un acuerdo cu minister-nan lo entrega 20% Parla-mento lo atene su mes riba e mesun liña aki. A splica cu

siman pasa den un CHA (Commissie Huishoudelijke Aangelegenheden) a yega na un acuerdo cu mayoria cu manera e ley drenta Parla-mento lo percura pa ahusta esaki na 20%. Diferente Parla-mentario a splica cu esaki ta e parti inicial pero si den fu-turo e crisis muestra cu Parla-mentarianan mester entrega mas cu esaki nan ta habri pa entrega mas como muestra di solidaridad. Tambe a splica sindicatonan cu mester 2/3 parti pa pasa e ley aki. Pues mester un sosten di 14 voto

den cualkier “mix” y no sola-mente 11 di Coalicion. Pues cada Parlamentario y incluy-endo esnan di AVP mester ta dispuesto pa sostene e cam-bio aki. Tur fraccion durante e reunion aki a muestra cu nan ta solidario cu minimo 20%. Parlamentario Endy Croes a termina bisando cu tabata tin un bon reunion cu sindica-tonan y finalmente sindica-tonan a compronde e proceso con Parlamento ta funciona y cu Parlamento ta bay entrega.

Parlamentario Benny Sevinger (AVP):

‘Gobierno a duna doño di trabou carte blanche pa manda trahado cas’

ORANJESTAD - No ta nada straño cu gabinete Wever Croes durante di e crisis di Covid-19 ta existi for di pueblo pa haci maniobranan cu nan mes ta bisa pueblo pa no haci, simplemente pa sirbi interes politico di nan mes.

Miembro di fraccion di AVP, Benny Sevinger a muestra cu for di prome dia e gobierno actual a haci cosnan contra interes di pueblo, cuminando cu impone medida despues di a sigura cu lo no tin medida y sin cumpli cu cantidad di otro promesanan haci durante di campaña.

“No ta nada nobo y straño cu minister di infraestructura nobo ta existi for di tur hende cu tin un huurgrond, pa bolbe bay yena un peticion sea cu nan areglo di tereno a vence of ta bay vence, caminda pueblo tin solamente algun siman pa haci esaki.

Memey di un crisis asina serio cu pueblo ta confrontando, e

mandatario aki ta existi pa tur hende bolbe inicia e proceso pa inscribi pa sea renoba nan permiso of pa pidi un huurgrond.

Ta mesun gobierno aki cu a tuma medidanan fuerte pa evita cu e virus mortal ta plama, e mesun gobierno cu a impone tanto toque de queda como shelter in place y pa colmo mesun gobierno cu a traha un lista di negoshi y servicicionan cu ta “esencial” ta bira pidi tur hende pa busca un forma pa bolbe re-inscribi nan mes.

Un locura cu no ta nada nobo cu e gobierno aki, ya cu pueblo a cera conoci caba cu e maneho di stress aki di gabinete Wever Croes, caminda algun siman atras hendenan cu a perde nan trabou, gobierno mes practicamente a bisa doñonan di trabou pa kita trahadonan for di trabou.

Gobierno a duna un carte blanche na tur empresa grandi pa retira nan trahadonan

pa e ora e trahadonan aki bay inscribi pa asina nan por haya un ayudo di 950 florin di gobierno.

Memey di e locura di gobierno aki, nan ta sali bisa cu hopi hende no a yega e formularionan aki corectamente, loke ta nifica cu practicamente e trahadonan aki lo no bay haya e 950 aki.

Pues por mira cu ta gobierno mes ta pone e trahadonan y henter pueblo den un stress pa bay yena formulario y na final ta bisa cu nan no a yena esakinan bon y lo no por haya e suma di placa menciona.

Despues di a core bin dilanti y sigura trahadonan cu a perde nan entrada cu nan lo wordo yuda pa gobierno cu e suma di 950 florin, gran mayoria cu a aplica awor ta scucha di mesun gobierno aki cu nan no a yega e formulario bon, consecuentemente nan lo no bin na remarke pa haya e placa.

Gobierno no a reuni cu

Parlamentario Endy Croes (MEP):

‘Ta sumamente importante pa reduci prijs di comestibles’

ORANJESTAD - Parlamentario Endy Croes ta di opinion cu den e crisis aki tur hende mester pensa riba solidarismo y mester ta solidario un pa cu otro. Manera cifranan extraoficial ta indica cu alrededor di 37 mil ciudadano a sufri sea directo of indirecto di e consecuencianan di corona virus. Consecuentemente tin masha hopi conciudadano sin salaris y hopi sin cuminda of pan riba mesa pa nan famia. Prioridad di gobierno actualmente ta pa atende cu

e salud di henter nos pais y secundario ta pa restart y rebuild nos economia pa tata y mama nan di famia por cuminsa traha y tin un bida decente pa futuro. Segun Parlamentario Endy Croes esaki no lo bay ta facil pero ta hunto nos mester pone nos schoudernan bou di e problema grandi aki pa

ASTEC mester por aporta pa logra baha prijsnan: Parlamentario Endy Croes ta hasi apelacion na ASTEC pa ta solidario den tempo di

crisis pa pueblo. Pa nos ta importante cu por logra baha e prijs di comestibles pa pueblo. Esaki mester refleha riba e shelf den tur supermercado. Primordialmente cuminda pa nos pueblo mester bay sam sam cu tur decision. Parlamentario Endy Croes ta di opinion cu ASTEC ta hunga un rol importante den e proceso aki y si ASTEC coopera y logra baha prijs di container nos por logra baha prijs den supermercado cu minimo 15% riba comestibles (cuminda pa pueblo). Parlamentario Endy Croes ta keda insisti pa explora tur posibilidad sea via un Noodwet pa permiti barconan descarga comestibles esta cuminda pa pueblo na WAF na playa. Sin importa cualkier exclusividad di cualkier contract existente pero actualmente mester brinda pueblo e ayudo na prijs accesibel primordialmente den e lunanan dificil nos dilanti. Nos ta spera cu tur ehercicio por wordo haci pa logra algo grandi pa pueblo esta baha prijs di cuminda.

doñonan di trabou pa yega na un consensus con pa yuda nan trahadonan pero a core Sali grita algo y awor e ayudo priminti ta birando imposibel pa hopi di e trahadonan aki.

E mesun stress aki e minister di infraestructura ta presionando tur hende cu tin huurgrond cune, demandando pa nan aplica di nobo, yena formulario di nobo sino nan lo

perde nan derecho riba nan tereno di huur.

Ningun caminda por ripara cu e topico aki tabata riba lista di gobierno di ta algo esencial pero ta bolbe keda demostra cu Aruba tin un gobierno cu tur hende ta traha pa nan mes pero ta pueblo ta keda esun mas perhudica,” Parlamentario Benny Sevinger a muestra.

Segun minister Dangui Oduber Gasto pa atende cu Covid-19 ta core den miyones di florin

ORANJESTAD - Te ainda gobierno no tin un bista tocante e gasto general cu a wordo inverti pa contene e expansion di e coronavirus/Covid-19, y atende cu esun cu tin necesidad di cuido medico.

Minister di Salubridad Publico, Dangui Oduber no tin un bista exacto di e cifra cu a wordo gasta te aworaki pa atende cu e pandemia di Covid-19 den nos teritorio. Pa Oduber cada dia cu e crisis di Covid-19 ta continua e ta costa nos pais cantidad di placa. E ta placa cu pais Aruba no tin na e momento aki. Ademá e ta placa cu nos pais tin mester di dje pa yuda esnan cu a perde trabou.

"Nos no por bisa un cifra exacto. Pero nos por bisa si cu esaki ta core den miyones di florin," el a declara.

Pa menciona algun ehempel, e mandatario a referi na e grupo di personal adicional cu ta bin yuda nos pa atende cu e unidad di cuido intensivo (ICU) cu Hulanda a pone disponibel pa Aruba. El a bisa cu Hulanda a percura pa tin financiamiento pa e camanan, mashinnan pa hala ro-sea y remedinan.

Pero Aruba logicamente mester cubri e gastonan di acomodacion, cuminda y transporte di e personal aki. Mientras cu Hulanda lo paga e salario di e personal aki. Ya caba e gasto aki pa garantiza e presencia di e grupo di profesional di salud ta core pa basta placa, el a bisa.

Igualmente el a laga sa cu tin remedi adicional cu mester wordo busca pa atende cu e pashentnan di Covid-19. Tambe e expansion cu hospital mes bao su propio forsa pa adecua nan instalacionnan pa atende cu e pashentnan interna cu Covid-19.

Otro gasto tin di haci cu e gasto cu e crisis team tambe tin cune, relaciona cu expansion di personal. Pues sumando tur e gastonan aki y hopi mas, nan ta core entre miyones. Pero ainda gobierno no por bisa un cifra exacto, cuanto e pandemia aki a costa pais Aruba.

KvK ta comparti su observacion:

Economia di Aruba durante e crisis covid-19 y con e situacion a desaroya

ORANJESTAD- Miembronan di directiva di Camara di Comercio y Industria Aruba (KvK) a organisa un sesion di brainstorming via Zoom hunto cu e ex-Presidentenan di Directiva di KvK pa haci uso di nan experticio y calidad di liderazgo pragmatico.

Humanidad tabata e punto di enfoka durante e reunion en cuanto economia di Aruba actual y e planificacion di un roadmap encuanto kic ohaci despues di COVID-19.

E crisis actual ta di un tal magnitud y asina unico cu e ta imposibel pa formula un plan concreto pa crea e pasonan pa recuperacion economico. Sin embargo e ta posibel pa inventarisa e condicionnan cu no ta optimalisa y limita e posibilidad pa sobrevivencia riba empleo y actividadnan economico.

Door di flexibilisa e leynan di labor mas lihe cu ta posibel, e ta importante pa por garantiza e chens di sobrevivencia di mas tanto negoshi posibel. Un recuperacion rapido di nos economia ta solamente posibel si nos por logra salba mas hopi negoshi cu ta posibel di bay bancarota. Si e ley actual no mira un cambio den corto tempo, un cantidad grandi di negoshi lo haya nan mes forsa pa bati bancarota. Gastonan fiho di negoshi cu ta inclui mas cu solamente paga salario di e empleadonan, lo sigui existi, mientras cu entradanan a wordo drasticamente reduci pa practicamente tur negoshi. E aplicacion di e norma nobo di 1,5 meter di distancia ta obliga cierto sectornan manera restaurant, pa reduci nan cantidad di ocupa bishitante, local ta conduci na un perdida grandi di entrada. E dunado di trabou mester tin e posibilidad pa duna trabou den forma mas flexibel y wordo permiti pa duna un reduccion den e cantidad di oranan di trabou pa siman y cu un acuerdo di compensacion pa esaki. Banda di esaki e mester ta posibel pa por retira empleadonan bou cierto condicionnan.

E gastonan halto pa haci negoshi a wordo accentua cu e situacion financiero y crisis economico cu Aruba ta pasando aden como consecuencia di COVID-19. E echo aki ta uno hopi conoci durante e ultimo añanan y awo a surgi e urgencia pa tuma accion encuanto e problema aki. E situacion severo y e

impacto di e virus y e Shelter in Place/Toque de Queda ta asina importante cu e ta rekeri solidaridad entre tur e residentenan di Aruba. Esaki ta solamente aplicable si e LMA wordo examina y adapta na e necesidadnan actual. E gastonan di gobierno por wordo reduci y tambe drecha practicanan cu no ta ful corecto. Den un accion uni caminda sector publico y sector priva ta tuma parti, pais Aruba mester urgi Hulanda pa brinda ayudo den forma gratuito y cu esaki realmente ta e unico opcion. Un prestamo importante pa por alivia e necesidadnan di e lunanan nos dilanti, hasta si ta bou condicionnan faborabel asocia cu e prestamo, lo ta un factor cu lo impedi un futuro desaroyo economico. Un consecuencia door di crea un debe adicional ta afecta e ratio di debe pa GDP significativamente y e lo surpasa 100%. Esaki ta crea un molester enorme pa generacionnan di futuro. Un alternativa na un donacion financiero por ta den forma di brinda paketenan di cuminda. Di e forma aki tambe e ta yuda preveni cu reservanan monetario ta wordo afecta door di haci compras den exterior ya cu awo no ta existi un ingreso for di turismo.

Optimalisa e clima di inversion mas lihe posibel, baha e gastonan pa haci negoshi, y berdaderamente reduci burocracia y e red tape pa inversionista local e internacional ta awo mas cu nunca un requisito. E inversionista internacional no ta solamente duna forsa na nos economia local, pero tambe ta contribui na asegura un intercambio di divisas.

Tumando den consideracion nos ta urgi pa pagonan wordo haci na personanan den necesidad. Tanto FASE como e otro areglonan subsidiario ta hopi bon iniciativanan, pero ainda tin hopi incertidumbre den e comunidad (comercial). Empeoramento of disturbio den e seguridad actual mester wordo evita di tur forma posibel.

Finalmente, pa logra un rapido rebibamento di nos economia afecta den largo plaso, nos tin cu fortifica nos telecomunicacion, introduci eGovernment mas hopi posibel y ofrece e posibilidad pa empleadonan por siña abilidadnan nobo, drecha esnan existente y mehora e conocimiento y experticio door di haya e-learning, cursonan online y otro formanan di 'distance learning'.

Hapon: Dificil pa tene Weganan Olimpico sin vacuna

TOKYO (AP) - Hefe di asociacion medico di Hapon a bisa cu lo ta dificil pa tene e weganan olimpico sin un vacuna contra coronavirus y cu e ta spera cu por desaroya un vacuna rapidamente o medicamento pa trata covid-19.

cil pa tene e weganan olimpico alo menos cu desaroya un vacuna efectivo", e presidente di e Asociacion Medico di Hapon, Yoshitake Yokokura a bisa durante un conferencia di prensa. " Mi ta spera cu desaroya un vacuna y medicamento mas pronto posible".

Hapon y e comite olimpico internacional a bay deacuerdo pa pospone e Tokyo 2020 Games te cu juli otro aña pa motibo di e pandemia global di coronavirus. Hapon ta bou un estado di emergencia pa un luna caba y a admiti un aumento lihe di infeccion na e pais, na unda cu hospitalnan ta sobrecarga y ta teme pa e collapse di e sistema medico.

Yokokura a bisa cu e weganan ta posible solamente si e

infeccionnan ta bou control no solamente pa Hapon pero globalmente. E no a bisa si ta opondre e weganan olimpico sin vacuna

" E clave ta un situacion cu e infeccion na e punto aki. Si e infeccionnan ta bou control solamente na Hapon, aun lo ta dificil pa tene e weganan alo menos cu e pandemia a termina na resto di mundo", Yokokura a bisa.

Expertonan a bisa cu e por dura un par di aña of mas largo pa desaroya un vacuna cu ta safe y efectivo pa uso clinico. Hapon tin 13,576 caso, como 712 otro di un crucero cu ta den cuarentena na Tokyo na principio di e aña cu 389 morto, e ministerio di salud a bisa diamars ultimo.

Los Angeles Lakers a debolbe \$ 4.6 miyon di programa di prestamo

LOS ANGELES (AP) — Los Angeles Lakers a reembolsa un prestamo di aproximadamente \$ 4.6 miyon di fondo di ayudo comercial di coronavirus despues di a haya sa cu e programa ta agota.

Lakers a solicita pa e prestamo bou e programa di administracion di Paycheck Protection pa empresanan chikito, un parti di e pakete di estimulo di \$ 2.2 biyon di gobierno. E solicitud di Lakers a ser acepta den e promer rond di distribucion, pero despues cu e fondo no tabatin as placa den menos cu do siman, e team a reembolsa su prestamo, igualmente varios

negoshi mas rico incluyendo Shake Shack y AutoNation.

Lakers ta sigui completamente comprometi na apoyo tanto na nos empleadonan como na comunidad".

programa di prestamo siman pasa, pidiendo

Pero ta kere cu e team ta e segundo frankesa mas valioso di NBA, cu Forbes estimando un balor di aproximadamente \$4 biyon. E di 16 bes campeon di weganan di NBA den e segundo mercado di medianan mas grandi di e pais

Laker no a kita ningun empleado durante e pandemia di coronavirus y e frankesa no tin plania pa haci ningun recorte. E ehecutivonan halto

a bay deacuerdo pa entrega 20% di nan salario te cu otro aña.

Amazon a despedi Christian

Amazon a despedi Christian

Smalls, un trahado na su bodega na Staten Island, New York, e mesun dia cu el a participa den un demostracion pafo di su bodega. E retiro a genera critica fuerte contra Amazon, pero e gigante di comercio cibernetico a defende e movida bisando cu Smalls a viola un orden di cuarentena di e compania despues cu e tabata den contacto cercano cu otro empleado infecta cu coronavirus.

"Nos no a despedi sr. Smalls pa organisa un protesta di 15 persona. Nos a termina su contract laboral pa pone salud y siguridad di otronan den riesgo y pa violacion di terminonan di su contract", vocero di Amazon, Rachael Lighty a bisa den un declaracion ayera, agregando cu Smalls a ricibi varios warning pa violacion di protocol di distanciamiento social.

Den e carta, Procurador General tambe a bisa cu Amazon por a kibra guia di siguridad

federal y estatal door di duna proteccion 'inadecua' pa trahadonan di bodega na New York, NPR a reporta.

Amazon continuamente ta enfatisa su esfuersonan pa proteha su trahadonan di bodega, incluyendo chequeo di temperatura, mondmask y spray desinfectante, bisando cu siguridad di trahadonan ta un preocupacion top. Pero varios empleado a argumenta cu no ta suficiente, puntando riba e decena di casonan confirma di coronavirus na bodeganen na Merca.

James na fin di maart a referi na retiro di Smalls como 'inmoral y inhumano'. Su oficina e tempo ey a bisa cu tabata considerando 'tur opcion legal' relaciona cu e despido y a pidi e National Labor Relations Board pa investiga.

E carta ta agrega riba e presion aumenta cu Amazon ta enfrentando durante pandemia di coronavirus, cu oficial-

nan eligi, gruponan defensor y empleadonan di Amazon exigiendo mas proteccion pa trahadonan di bodega. Ya tin cantidad di protesta pafo di bodeganen di Amazon y demostracionnan 'sick out', cu empleadonan tumando tempo fuera di trabou.

Enfrentando malcontento pa añanan largo, Amazon awo ta bou un spotlight particularmente fuerte durante emergencia di salud. Sinembargo, cantidad di otro negoshi ta luchando cu problemanan similar, cu plantanan di carni, supermercadonan grandi, restaurant y companianan di delivery tur purbando di continua nan servicio y tene trahadonan saludabel.

Smalls ta un di varios empleado di Amazon kende a protesta contra e compania y a keda subsecuentemente despedi durante ultimo luna, maske Amazon a duna diferente motibo pa cada un di e retironan aki.

Desinfectante nobo por tene superficienan liber di coronavirus pa 90 dia

(CNET) - Investigadonan na un universidad top na Hong Kong ta bisa cu nan a desaroya un capa antimicrobial nobo cu por spray riba superficienan pa mata mayoria di bacteria y virus - incluyendo coronavirus - pa hasta 90 dia.

Conoci como MAP-1, e capa anti-microbial a wordo disena pa uso den un variedad di superficie incluyendo glas, metal, plastic, cuero y tela, segun Hong Kong University of Science and Technology

(HKUST).

E capa ta dura 'significativamente mas largo' cu desinfectantenan convencional cu ta usa alcohol of clorox, cu ta perde nan funcion mientras e likidonan ta evapora, segun HKUST. Pa yuda logra esaki, ta depende riba polymer sensible pa calor cu su inventornan ta bisa ta responde na contaminacion di un toke of di druppel. E ta haci esaki liberando un cantidad mas grandi di desinfectante ora ta detecta un aumento di temperatura cu por tuma luga ora

nos man toca un superficie of ora tin druppel.

E capa anti-viral ta spera di yega tiendanan na Hong Kong proximo luna despues di test clinico den e ciudad na februari, segun Reuters. Centronan comercial, scol, iglesia y facilidatnan deportivo na Hong Kong a usa e capa, segun investigadonan, kende tambe ta bisa su ingredientenan no ta toxico.

Transmision di coronavirus a parce di debilita na Hong Kong, unda a reporta cero

caso nobo di COVID-19 durante varios dia siman pasa. Te cu dialuna, Hong Kong a

reporta 1,038 caso di coronavirus y cuatro morto.

CDC ta agrega seis sintoma di coronavirus

(CNET) - Investigadonan rond mundo ta buscando un manera pa controla e

pandemia di coronavirus. Un factor clave cu lo mester pa stop transmision

di e malesa ta identifica confiablemente ken tin (of tabatin) COVID-19. E data aki lo yuda habri economanan bek di forma sigur, y posiblemente indica areanan cu tabatin inmunidad di grupo.

Mientras paisnan manera Merca ta enfrente escasez di test, cantidad di hende ta depende di compara nan sintoma cu e lista di sintoma reconoci oficialmente pa COVID-19 pa determina si nan tin e malesa y mester

purba di haya un test.

E esfuersonan aki por a bira mas facil mientras e CDC a expande su lista di sintoma di coronavirus, agregando seis indicador mas. Anteriormente e unico sintomanan reconoci tabata tosamento, falta di rosea of kentura. Dialuna, CDC a actualisa e lista:

1. Tosamento
2. Rosea cortico

Of por tin coronavirus si tin e siguiente sintoma:

1. Kentura
2. Calafriu

3. Tembla cu calafriu
 4. Dolor di musculo
 5. Dolor di cabes
 6. Dolor di garganta
 7. Perdida di sabor y olfato
- Djis pasobra tin algun di e sintomanan aki no necesariamente ta nifica cu tin coronavirus - corda esakinan tambe ta sintoma di cantidad di otro malesa, incluyendo grip. CDC tambe ta bisa cu esaki no ta 'all-inclusive', pues semper consulta cu bo dokter.

A fayece cristianamente

In rural U.S., fears of virus seem far away as stores reopen

Continued from Front

The consequences of easing restrictions in rural communities won't be fully known for some time, and health officials said they will be watching for a resurgence of infections. But for now, there's little doubt in places like Roundup that it was the right thing to do after weeks-long stay-at-home orders. "We don't have the fear of the virus. It's been more concern about our shut-ins and older people who can't come out," said Shannon Thompson, who works in the deli at Picchioni's IGA supermarket and has two sons home with school still canceled. The coronavirus is largely a distant threat that so far has touched few people here directly. Face masks are a novelty, and greetings often still come with a handshake. Despite some grumbling that the lockdown was too harsh, most people cooperated, county commissioner Adam Carlson said. Thompson said she practi-

ces social distancing and "we're all doing what we're supposed to do." By contrast, in some rural parts of states where stay-at-home orders remain in place, local leaders have pledged defiance. The mayor of Grants, New Mexico, population 9,000, led a rally Monday where dozens urged nonessential businesses to reopen. Only a fraction of people in the state have been infected by COVID-19, and it doesn't make sense to keep small businesses closed, Mayor Martin "Mo-dey" Hicks said. New Mexico has more than 2,800 confirmed cases of the virus and 104 deaths. "The governor is killing the state over a little bug," he said before heading to the city-owned golf course, where about 20 people were playing despite a warning by state police for the facility to close. For most, the coronavirus causes mild or moderate symptoms, such as fever and cough. For some, especially older people and those with existing health

problems, it can cause more severe illness, including pneumonia and death. In California, six rural counties with a combined 500,000 people asked Gov. Gavin Newsom on Monday if they could begin a "careful and phased reopening," even as counties in the San Francisco Bay Area moved to extend their stay-at-home orders through May. In small Alaska towns, some restaurants resumed dine-in service Friday, while shops, personal care services and other nonessential businesses reopened with limits. Rules still restrict how many people can be in a shop at once, and no waiting is allowed in salons. In Vermont, people can shop at outdoor retailers, and five people can work at the same outdoor worksite. Manufacturing and indoor construction also can expand. Mike MacLeod, who owns a garden center just south of the resort town of Stowe, said the phone began ringing within minutes of

the governor's announcement Friday loosening the restrictions. "People are getting into their gardens," he said. "One of the things they can do is work on the gardens and beautify their houses." Being remote and sparsely populated helps towns avoid infections, said Dr. Marc Mentel, president of the Montana Medical Association. Yet a rural ZIP code is no magic shield and carries its own disadvantage: fewer medical resources. That can make outbreaks difficult to contain, such as the infections that swept through an assisted living facility in recent weeks in another small Montana town, Shelby, leading to six deaths. "No matter where you are, this is a dangerous virus," Mentel said. "The risk is low, but if something takes off in rural America, it could be devastating." Gov. Steve Bullock credits an early lockdown with pushing down Montana's infection rate and helping it reopen before other sta-

tes. "That's what got us to this point, more than the rural nature of our state," the Democratic governor said Monday. Montana has one of the nation's lowest per capita death rates from the virus. The rate of confirmed infections has declined since peaking at 124 cases a week in late March and early April. There were 15 new cases last week, health officials said. But not every business is throwing open its doors. In Montana's capital of Helena, the Lasso the Moon toy store was open, but its doors were locked. Customers had to knock to be let in, up to four at a time, as long as they were wearing masks. Owner Amy Barrett said the door is locked to give employees time to don masks. Her wariness reflected the uncertainty of many small-business owners allowed to reopen. "We're still unsure quite how open to be," Barrett said. "I don't know how many people are going to want to come in." □

Hillary Clinton becomes latest Democrat to endorse Biden

By **BILL BARROW**

Hillary Clinton, the first woman to become a major party's presidential nominee, endorsed Joe Biden's White House bid on Tuesday, continuing Democrats' efforts to coalesce around the former vice president as he takes on President Donald Trump. Clinton made her announcement during a Biden campaign town hall to discuss the coronavirus and its effect on women. Without mentioning Trump by name, Clinton assailed the Republican president and hailed Biden's experience and temperament in comparison. "Just think of what a difference it would make right now if we had a president who not only listened to the science ... but brought us together," said Clinton, who lost the 2016 election despite leading Trump in

the national popular vote. "Think of what it would mean if we had a real president," Clinton continued,

rather than a man who "plays one on TV." Biden, as a former vice president and six-term sen-

ator, "has been preparing for this moment his entire life," said Clinton, a former secretary of state.

"This is a moment when we need a leader, a president like Joe Biden." With her historic candidacy, Clinton remains a powerful — and complex — figure in American life. Her 2016 campaign inspired many women, and her loss to Trump resonates to this day. The female candidates in the 2020 Democratic presidential primary often faced skepticism that a woman could win the White House. Biden has pledged to select a woman as his vice president. Given her 2016 experience, Clinton could offer Biden unique insight as he prepares for the November general election. Her endorsement is the latest example of leaders from across the Democratic spectrum rallying behind Biden.

Hillary Clinton becomes latest Democrat to endorse Biden

Continued from Page 25

In recent weeks, Biden has picked up support from former President Barack Obama, House Speaker Nancy Pelosi and leading progressives such as Sens. Elizabeth Warren of Massachusetts and Bernie Sanders of Vermont. Hillary Clinton's husband, former President Bill Clinton, has not yet publicly endorsed Biden and has kept a lower profile during the Trump era.

The swift unification around Biden stands in stark contrast to four years ago, when Hillary Clinton was unable to win over a significant portion of the electorate's left flank. Sanders battled her to the end of the primary calendar and waged a bitter fight over the party platform before endorsing her and campaigning for her in the fall. Hillary and Bill Clinton have argued that Sanders' push deeply wounded her campaign against Trump.

The Trump campaign sought to foment the same tension on Tuesday by arguing that the Democratic establishment is again asserting itself.

"There is no greater concentration of Democrat establishment than Joe Biden and Hillary Clinton together," Brad Parscale, Trump's campaign manager, said in a statement. "Both of them carry the baggage of decades in the Washington swamp and both of them schemed to keep the Democrat nomination from Bernie Sanders." During a wide-ranging conversation, Biden and Clinton sidestepped talk of campaign strategy and tactics, instead sticking mostly to policy proposals and critiques of Trump, from the president's penchant for conflict to recent reports that he ignored repeated warnings about the

coronavirus threat, including in his daily intelligence briefings throughout January.

They pitched themselves as friends, recounting their time together in the Senate and recalling their breakfast meetings at the vice presidential residence when they served in the Obama administration. Still, the Clintons and Biden have never been especially close allies. Biden's nearest alignment with Hillary Clinton came during Obama's first term, when Biden was vice president and Clinton was secretary of state. Both had sought the Democratic nomination in 2008 — and both were dogged by their 2002 votes as senators in favor of the war powers resolution that President George W. Bush used to invade Iraq in 2003.

Biden suggested in his 2017 book, "Promise Me, Dad," that Obama favored Clinton's 2016 presidential bid over the possibility of Biden running. With Obama by his side, Biden announced from the White House Rose Garden in 2015 that he wouldn't seek the presidency the following year.

As first lady and secretary of state, Clinton was among the leading voices in women's rights discussions around the world. She made headlines during her husband's first term with forceful advocacy for women during a United Nations conference in Beijing, where the Chinese government was under fire for human rights abuses. "It is time for us to say here in Beijing, and the world to hear, that it is no longer acceptable to discuss women's rights as separate from human rights," Clinton said.

She punctuated her argument with a line that has been replayed countless times since: "Human rights are women's rights, and women's

rights are human rights."

Yet Clinton's advocacy for Biden presents complications. After decades in the spotlight, she's a polarizing figure criticized for everything from her push for a health care overhaul in the 1990s to her decision to remain in her marriage following her husband's affair with a White House intern.

Her presidential endorsement comes as a former Senate staffer has recently accused Biden of sexually assaulting her in the 1990s, when he was a senator from Delaware. Trump made Bill Clinton's affairs an issue during the 2016 campaign despite his own indiscretions and allegations of sexual assault.

Biden campaigned for Hillary Clinton in the fall of 2016, and he's said often during the 2020 campaign that she "would have made a great president."

He has nonetheless implicitly criticized her campaign by saying Democrats did a poor job of reaching white working-class voters who defected to Republicans in 2016. As recently as an April 15 fundraiser, Biden touted ability to win "the kind of folks I grew up with," the "high-school educated" population who believe Democrats have abandoned them, and he sometimes boasts he can carry Wisconsin, Michigan and Pennsylvania — the three states where Clinton's narrow losses handed Trump an Electoral College majority.

Biden studiously avoided such talk with Clinton at his side Tuesday. "I have to tell you something completely honestly," he said near the end of their chat. "I wish this were us doing this and my supporting your reelection for president of the United States." □

Trump to sign order keeping meat processing plants open

By JILL COLVIN

Associated Press

WASHINGTON (AP) — President Donald Trump will sign an executive order Tuesday meant to stave off a shortage of chicken, pork and other meat on American supermarket shelves because of the coronavirus.

The order will use the Defense Production Act to classify meat processing as critical infrastructure to keep production plants open.

The order comes after industry leaders warned that consumers could see meat shortages in a matter of days after workers at major facilities tested positive for the virus. A senior White House official said the administration was working to prevent a situation in which a majority of processing plants shut down for a period of time,

which could lead to an 80% drop in the availability of meat in supermarkets. The official spoke on condition of anonymity to discuss the order before its

release. Trump on Tuesday told reporters that "there's plenty of supply," but that supply chains had hit what he called a "road block. It's sort of a legal road-

block more than anything else," he said.

Two of the nation's biggest pork processing plants are currently closed. Meat processing giant Tyson

Foods suspended operations at its plant in Waterloo, Iowa. And Smithfield Foods halted production at its plant in Sioux Falls, South Dakota. The 15 largest pork-packing plants account for 60% of all pork processed in the country. GOP Sen. Mike Rounds of South Dakota had written a letter to Trump asking him to use the DPA to declare the food supply industry an essential industry, warning that consumers would see a meat shortage in a matter of days akin to the panic over toilet paper the virus created in its early days.

Tyson ran a full-page advertisement in The New York Times and other newspapers Sunday outlining the difficulty of producing meat while keeping more than 100,000 workers safe and shutting some plants. □

Easing up: US and Europe grapple with when to reopen schools

By ANGELA CHARLTON,
ELENA BECATOROS and
NICK PERRY

Associated Press

PARIS (AP) — The question of when to reopen schools looms large as European countries and U.S. states draw up plans to restart their battered economies. Despite alarm among some teachers, parents and mayors, France detailed plans Tuesday to start opening schools on May 11, with limits on class size and rules requiring face masks. Hard-hit Italy intends to keep schools closed until September. And in the U.S., where President Donald Trump said states should seriously consider resuming classes before the end of the academic year, dozens have said it would be unsafe for students to return until the summer or the fall.

Elsewhere around the world, the virus appeared all but vanquished in New Zealand. Australia opened the beach in Sydney.

Brazil was emerging as a new hot spot for infections. And new doubts were raised over whether Japan will be able to host the already postponed Summer Olympics next year without the development of a vaccine.

Germany, widely praised for its handling of the outbreak there, reported an uptick in the infection rate since some small businesses were allowed to reopen

just over a week ago.

But it was too soon to say whether the easing of the restrictions was to blame.

The number of confirmed infections worldwide stood at more than 3 million — including 1 million in the U.S. — and the confirmed global death toll topped 210,000, according to Johns Hopkins University. The true toll is believed to be much higher because of limited testing, differences in counting the dead and government concealment. Italy, Spain, France and Britain accounted for more than 21,000 virus-related deaths each, while the U.S. recorded more than 57,000, the highest in the world.

Although the coronavirus seems to affect children far less seriously than adults, many officials, teachers and parents are concerned about the health risks that school openings could pose.

Some point to the difficulties of ensuring that children stick to social distancing and frequent hand washing, and to the dangers for teachers.

But many parents would struggle to return to work without schools being open, hampering efforts to counter the world's deep economic slump.

French Prime Minister Edouard Philippe announced that elementary schools will reopen May 11 and high schools May 18.

He said all high school students will have to wear masks, and class sizes will be capped at 15.

Joel Wilmotte, mayor of the French town of Hautmont, went on Facebook to list seven reasons he is not ready to open the schools, including ill-equipped teachers and cleaning staff and opposition from parents.

Greek Prime Minister Kyriakos Mitsotakis outlined his government's plan for a gradual lifting of the lockdown there, saying high school seniors will restart classes on May 11, followed a week later by students in lower grades. Elementary schools and kindergartens will remain closed, and might open on June 1 "only if we are absolutely certain that the course of the epidemic is waning," he said.

In Italy, the decision to keep the schools closed until the fall could make it harder for parents to return to work.

Typically grandparents in Italy are fallback baby sitters, but they are now off-limits because they are vulnerable to the virus.

Emer McCarthy, who works in the Vatican's child protection office, tweeted that Italian Premier Giuseppe Conte had addressed a lockdown exit "for everyone except Italy's children. Incredible. No mention of schools, childcare options, nothing.

But football yes. #Children-NotSeenNotHeard." □

China denies Indian claim that Chinese test kits are faulty

By ANIRUDDHA GHOSAL

Associated Press

NEW DELHI (AP) — China's embassy in New Delhi has denied allegations by the Indian government that coronavirus testing kits it ordered from China are faulty, calling the claim unfair and irresponsible.

On Monday, the national Indian Council of Medical Research canceled an order for nearly 1 million rapid antibody testing kits from two Chinese companies, Guangzhou Wondfo Biotech and Zhuhai Livzon Diagnostics, over concerns about their quality and pricing. It said the kits had "wide variation" in their sensitivity and asked for them to be returned.

Chinese Embassy spokeswoman Ji Rong rejected the claim on Tuesday, saying, "The quality of medical products exported from China is prioritized. It is unfair and irresponsible for certain individuals to label Chinese products as 'faulty' and look at issues with preemptive prejudice."

She said both companies insist that their kits meet quality standards in China and that India's National Institute of Virology had found them to be "satisfactory products."

She also stressed that there were strict requirements for storage, transportation and use of the kits. "Any operation which isn't carried out by professionals in accordance with product specification will lead to the testing accuracy variations," she said.

The ICMR canceled the order after testimony in the Delhi High Court revealed that the Indian government had agreed to pay \$3.9 million for kits that had been imported from China at a cost of \$1.6 million, with the difference going to Indian intermediaries. India's government says it has not yet paid for the kits. Chinese exporters of medical goods are required to show that they are approved for sale in their destination market under rules that were imposed on March 30 after complaints from several countries about faulty and sub-standard goods.

On April 10, China said it would inspect every shipment of medical supplies to confirm that they met quality standards. But after concerns that this would delay exports, regulators in China said on Saturday that producers that meet the official standards of their destination market can apply for approval through an industry association. □

Riots in crisis-hit Lebanon reflect growing poverty, despair

TRIPOLI, Lebanon (AP) —

Hundreds of protesters in Lebanon's northern city of Tripoli set fire Tuesday to two banks and hurled stones at soldiers who responded with tear gas and batons in renewed clashes triggered by an economic crisis spiraling out of control amid a weeks-long virus lockdown.

The clashes got underway in the afternoon hours after a tense funeral was held for a 27-year-old man killed during riots overnight in the country's second largest city. Fawwaz Samman was shot by soldiers during confrontations that began Monday night and died in a hospital hours later.

Tripoli, a predominantly Sunni Muslim city, is in one of the most neglected and poorest regions in Lebanon, and there were concerns the confrontations would escalate to wider chaos. The violence was a reflection of the rising poverty and despair gripping the country amid a crippling financial crisis that has worsened since October, when nationwide protests against a corrupt political class broke out.

A lockdown to stem the spread of the new coronavirus has further aggravated the crisis, throwing tens of thousands more people out of work.

The national currency has

lost more than 50% of its value, and banks have imposed crippling capital controls amid a liquidity crunch. But it appeared to be in a free fall over the last few days, selling as low as 4,000 Lebanese pounds to the dollar, down from a fixed peg of 1,500 pounds to the dollar in place for 30 years.

"What you're seeing is a result of accumulated problems. We had a revolution, people were suffering, then came corona and people were locked in their homes for a month and a half without the state securing food and drink or anything else for them," said protester Abdelaziz Sarkousi, 47.

"Now we have reached a state where unfortunately you cannot control people anymore. People are hungry!"

Nearby, in a street lined with banks, dozens of protesters hurled Molotov cocktails, setting off blazing fires in at least two banks. Troops deployed quickly in the area to try to prevent further riots, occasionally firing rounds of tear gas to disperse the protesters.

Riots intensified in the afternoon with protesters setting two police vehicles ablaze as the army brought more reinforcements into the area to try to bring the situation under control. Soldiers chased protesters through

the streets after they threw stones at troops. Soldiers also fired tear gas and rubber bullets.

"I was driving here yesterday with my wife and found protesters destroying and smashing (the banks), then they opened tear gas and bullets on us," said resident Talal Sradar.

Earlier in the day, hundreds marched in the funeral procession for Samman and gunmen fired in the air in a display of anger and mourning. The man's body was brought from his parents' home and placed briefly in front of his motorcycle repair shop before he was laid to rest in a Tripoli cemetery.

"The army command expresses its deep regret for the fall of a martyr," the military said, adding that an investigation has been opened into Samman's death.

Smaller protests also erupted elsewhere in Lebanon, including in Beirut's city center, where hundreds of demonstrators gathered Tuesday evening.

U.N. spokesman Stephane Dujarric said in reaction to the clashes that the world body urges protesters to "exercise their right to protest peacefully and security personnel to protect peaceful protests and to act proportionally in maintaining law and order."

Last week, scattered anti-government protests resumed as authorities began easing a weeks-long lockdown to limit the spread of the coronavirus pandemic in Lebanon, which has reported 710 cases and 24 deaths so far.

In a statement about the overnight riots, the Lebanese army said "troublemakers who had infiltrated the protesters to attack banks" also threw firebombs and grenades at the military, setting a military vehicle on fire. It said 54 troops were injured across the country and that the army detained 13 people.

Public anger has mounted against banks in Lebanon after they imposed capital controls on people's deposits. □

Bangladesh ordered garment factories shuttered to prevent the spread of the coronavirus, the industry

is reopening hundreds of them despite risks the disease might spread.

Rubana Huq, president of the Bangladesh Garment Manufacturers and Exporters Association, or BGMEA, said she was under pressure to reopen factories after the pandemic cost the industry more than \$3 billion in orders that were cancelled or suspended.

Huq said Tuesday that about 600 factories had reopened during this week, adhering to health proto-

cols. Workers living near the factories are the first to return to the production lines, she said.

At least 856 factories will be reopened soon, Huq said. Bangladesh has the world's second largest garment industry after China. It normally earns \$35 billion annually from exports mainly to the United States and Europe and employs about 4 million workers, mostly women from rural areas. Bangladesh began its coronavirus lockdown in late

March, when factory owners stopped production apart from some sewing of personal protection equipment. Workers left the capital, Dhaka, and the nearby Narayanganj and Gazipur areas in waves, heading back to their village homes. At a meeting Saturday, Salman F. Rahman, an influential adviser to Prime Minister Sheikh Hasina said the government was keen to see garment makers slowly reopen their factories in phases. □

European doctors warn rare kids' syndrome may have virus tie

By MARIA CHENG

AP Medical Writer

LONDON (AP) — Doctors in Britain, Italy, and Spain have been warned to look out for a rare inflammatory condition in children that is possibly linked to the new coronavirus.

Earlier this week, Britain's Paediatric Intensive Care Society issued an alert to doctors noting that, in the past three weeks, there has been an increase in the number of children with "a multi-system inflammatory state requiring intensive care" across the country. The group said there was "growing concern" that either a COVID-19 related syndrome was emerging in children or that a different, unidentified disease might be responsible.

"We already know that a very small number of children can become severely ill with COVID-19 but this is very rare," said Dr. Russell Viner, president of the Royal College of Paediatrics and Child Health.

He said the syndrome was likely caused by an over-reaction of the body's immune system and noted similar symptoms had been seen in some adults infected with the coronavirus.

The cases were also reported to have features of toxic shock syndrome or Kawasaki disease, a rare blood vessel disorder. Only some of the children tested positive for COVID-19, so scientists are unsure if these rare symptoms are caused by the new coronavirus or by something else.

Health officials estimate there have been about 10-20 such cases in Britain and NHS England said it is urgently investigating the reports.

Viner said that although

Hospital workers hold placards with the names of their colleagues who have died from coronavirus at University College Hospital in London, Tuesday, April 28, 2020.

doctors were considering other potential causes for the syndrome, including other viruses or new medications, "the working hypothesis is that it's COVID-related."

Spain's Association of Pediatrics recently made a similar warning, telling doctors that in recent weeks, there had been a number of school-age children suffering from "an unusual picture of abdominal pain, accompanied by gastrointestinal symptoms" that could lead within hours to shock, low blood pressure and heart problems.

"It is a priority to recognize these (symptoms) to urgently refer these patients to a hospital," the pediatric association said.

In Italy, Dr. Angelo Ravelli of Gaslini Hospital and a member of the Italian Paediatricians' Society, sent a note to 10,000 colleagues raising his concerns.

He and his team reported an unusual increase in the number of patients with Ka-

wasaki disease in regions of Italy hit hard by the pandemic, noting some children had COVID-19 or had contacts with confirmed virus cases.

"These children do not respond to traditional treatment," he said, adding that some were given a high dose of steroids.

Those who developed toxic shock syndrome needed help breathing and were admitted to intensive care units, Ravelli said.

Kawasaki symptoms include a high temperature that lasts for 5 days or more, a rash and swollen glands in the neck, according to Britain's National Health Service.

Dr. James Gill, an honorary clinical lecturer at Warwick Medical School, said while the reports were concerning there was still no solid evidence that the rare syndrome was caused by COVID-19.

Some possible cases have also been reported in France and Belgium.

Associated Press.

Dr. Sonja Rasmussen, a University of Florida pediatrics professor, noted one similar case in the United States involving a 6-month old girl in California who was diagnosed with Kawasaki disease and then COVID-19. That report, from Stanford University, doesn't clarify whether both illnesses happened coincidentally or if COVID-19 might have somehow caused Kawasaki disease, said Rasmussen, who co-authored a recent JAMA Pediatrics article about COVID-19 and children.

"We'll need more information published in the peer-reviewed literature to better understand this association. However, Kawasaki disease is a relatively rare condition, so seeing these cases makes us concerned that Kawasaki disease could be a rare complication of COVID-19," she said. "We need to remain vigilant when we see children with findings that aren't typical for COVID-19."

To date, children have been among the least affected group by the coronavirus. Data from more than 75,000 cases in China showed they comprised 2.4% of all cases and mostly suffered only mild symptoms.

The World Health Organization said it was attempting to gather more information on any new, coronavirus-related syndrome in children from its global network of doctors but had not received any official reports about it. □

Is it safe to order take-out during the pandemic?

By The Associated Press

Is it safe to order food via take-out or delivery?

Unlike some germs, there's no indication the coronavirus can spread through food, according to the U.S. Food and Drug Administration.

"This is a respiratory virus, not a food-borne virus ... you can't catch it from

eating food," says Michelle Danyluk at the University of Florida, which published tips on food safety amid the pandemic.

The biggest concern remains person-to-person contact. Contactless delivery, in which the order is left outside the recipient's door, reduces that risk.

For take-out, the FDA advises restaurant workers and customers to stay at least six feet from others.

The risk from packaging is "likely very low," according to the Centers for Disease Control and Prevention. To be safe, Danyluk advises hand washing before and after touching food or packaging. □

How some companies survive, even thrive, in viral crisis

By **PAUL WISEMAN and ANNE D'INNOCENZIO**
AP Business Writers

WASHINGTON (AP)—When the coronavirus struck the United States hard last month, 22-year-old entrepreneur David Zamarin knew his company needed a Plan B — fast. As the economy essentially shut down, demand for his stain-resistant coatings was sure to drop.

So Zamarin decided to re-tool his company, DetraPel, in Framingham, Massachusetts, to start making disinfectants to help fight the virus's spread. Within weeks, "we completely changed our whole system."

Sales of the DetraPel eco-Cleaner & Disinfectant have been strong, he said, and Zamarin expects to produce the cleaner even after the health crisis has passed.

"I don't want this to be a one-time thing," he said. "I don't want to capitalize on this to make short-term money."

The COVID-19 pandemic has been an epic catastrophe for American business. Economic life is all but frozen. Stores are idle. Sales have sunk as people isolate at home, slash spending on autos and appliances and halt shopping trips, restaurant meals and movie outings.

Many iconic retailers are reeling. Gap warns it may run out of cash. Neiman Marcus and J.C. Penney could be headed for bankruptcy protection.

Yet by dint of circumstance, resourcefulness or just plain luck, some companies have positioned themselves to withstand, even thrive, in the crisis. The most fortunate work in sectors mostly shielded from damage, like pharmacies. Or they can capitalize on the quirks of the times — a spike in demand for groceries, pizza delivery, movie streaming, online packages and cleaning products. Some companies were prudent enough to have built financial cushions or credit lines to access cash. And then there are nimble ones like DetraPel that somehow

find opportunity in the chaos. "This is a once-in-a-lifetime — we hope — event," said Andrew Corbett of Babson College's Butler In-

seminar on the coronavirus' threat to companies. "Preserve what you have and grab more cash wherever you can to help you get

it's ignited consumers' appetite for other offerings. Netflix is capitalizing on a burst of demand for streaming entertainment. Ama-

ing around curbside (pick-up) and takeout," said Brad Plathow. Womply's marketing chief. With widespread shutdowns of malls and stores, the pandemic is putting many clothing retailers further in peril, while increasing the dominance of big box stores that have remained open because they sell essentials like food and household goods. Walmart, Amazon and others are on a hiring spree and doling out bonuses or pay increases.

But even they face pressures. They're spending more on labor and online operations. Some are seeing profits squeezed because shoppers are turning to low-margin groceries and avoiding higher-margin items like clothing. Amazon has struggled to handle an accelerating demand for essentials, disappointing many of its Prime members, who pay \$129 a year and are accustomed to receiving deliveries within two days.

The crisis risks intensifying what many regard as a troubling trend: Commerce increasingly concentrated among big companies as smaller firms fail, thereby reducing competition.

The Open Markets Institute, which campaigns against monopolies, has called for a ban on acquisitions by companies with annual revenue above \$100 million or by large investment firms. Lynn Barry, the institute's executive director, notes that many big companies swallowed up smaller rivals in the financial crisis and Great Recession, sometimes in deals brokered by the government.

He's worried about a repeat:

"You've got Apple and Google and Amazon with these massive piles of cash, the Saudis and others with these massive piles of cash, and everyone else is half-bankrupt and paralyzed." □

stitute for Free Enterprise through Entrepreneurship. "The people who are used to dealing with ambiguity and trying new things — they're going to embrace this and run with it."

Corbett pointed to Bauer, a sports equipment maker that has pivoted from making visors for hockey helmets to producing medical visors for health care workers fighting the outbreak. That kind of drastic reversal is beyond the reach of most companies.

"It's hard to change your business model," said Gregg Lemos-Stein, who studies corporate analytics at S&P Global Ratings. "It's like trying to change your tires while the car is going 100 miles an hour."

For most companies, the key to survival is maintaining enough cash to stay afloat until the economy begins to grind back to health.

Some businesses, Lemos-Stein said, have drained their credit lines to try to withstand a period of plunging revenue.

"Cash is king," Robert Kaplan of Harvard Business School said in a video

The government has intervened to provide small businesses with loans they don't have to repay if they use most of the money to keep workers on the payroll.

The Federal Reserve poured money into financial markets to ensure that companies can maintain access to vital short-term credit for everyday operations.

But government money goes only so far for a company whose business has collapsed.

"It doesn't put people back on planes or back in the malls," S&P's Lemos-Stein said.

"I haven't talked to a CEO yet who thinks the government is going to be their savior," said Rich Lesser, CEO of the Boston Consulting Group.

Even while the health crisis has crushed purchases for most goods and services,

zon's stock is up on a surge in online shopping. Clorox is benefiting from panic buying for cleaning supplies. Zoom and other video conference services have filled a rising need of employees working from home.

The data firm Womply found that grocery stores enjoyed a 40% increase in revenue earlier this month from a year ago. Also seeing surges: Gun shops (120%) and liquor stores (60%).

Still, millions of businesses have at least temporarily closed, Womply found: 71% of shoe stores, 77% of thrift shops and 68% of antique dealers. Forty-two percent of restaurants have shuttered.

Those that have a brisk takeout or delivery service have been likelier to remain open: Only 21% of pizza shops and 17% of chicken wings purveyors have stopped doing business.

Arubans living abroad

ORANJESTAD — Aruba Today is connecting to our beloved readers abroad who have a special bond with the island. We launched columns like *Aruba To Me Is ...* and *My Favorite Hotel Staff* where our fans can send pictures and words that express their love for Aruba and its workers in the hospitality industry.

In these difficult times we also think about our Aruban friends living abroad. How they are doing and what is their life experience right now, we wonder. The first story in this series was published April 17 and came from Aruban Arturo Desimone who lives in Spain. April 22 we shared the wonderful story of Jairo Loefstop who lives in Costa Rica. Today we get a glimpse of the world of Jennifer Maduro who lives in Montreal, Canada. Thank you for sharing this amazing article with us Jennifer!

The Aruba basics & foundations of surviving the Covid-19 quarantine in Montreal spring 2020 The Quarentina Cantina

Con ta bai Aruba: My name is Jennifer P Maduro born in Oranjestad, Aruba in 1949. In the fall of 1964 after attending Colegio Arubano for three years, I went away to prep school and then to college in the USA. Both my siblings and most of my peers at the time went to school in Holland.

Other than coming home for various vacations, and a year working in Colombia after graduation, I have lived in Canada since 1973 where I went to graduate school. In Toronto, followed by living in Vancouver, Halifax, and Montreal since 1986. I have been retired for 10 years now, and live in a great neighborhood near the Atwater market, and the canal Lachine in the South West borough of Montreal.

First a little shout out to childhood friends and second cousins in Aruba who have continued to be part of my virtual family and friends on FB; one thing I have learned is that childhood friends still put up with you and are reliable allies in times of trouble or cheer, lol at your jokes and photos and somehow we still get each-other, after more than 60 years.

Well what exactly is the Aruba - Montreal connection about how to successfully self-isolate for weeks and possibly months in this very cold spring so far? How did my early years and upbringing in Aruba on Mozart Street living with my grandmother Helen R Leon, my mother Audrey Maduro, and my brother Steven (lives in

Vancouver) and sister Claudia (lives in Los Angeles) prepare me for this unprecedented global, pandemic experience?

Self-Isolation @70 is a relative term as I have already learned how to sustain, entertain, complain, and remain true to me, me, and me ... which is mostly the company I keep anyway, as I live on my own.

So daily life during this period is very much based on the good habits, solid structure, eating well, and playing hard, but particularly entertaining ourselves with our posse on Mozart Straat, and of course, the more adult activities relayed to cocktail time. I also do find that the more intensive spring cleaning done this year went much better with Tropical - Caribbean music in the background played very loud above the noise of the vacuum cleaner and washing machine, and do not get me started on singing Mariachi music at the top of my lungs -which I hated as a kid - when not singing great soul classics from the sixties and seventies and salsaing my way through my chores.

I usually head out for an hour or so every day in the early afternoon on foot or on my e-bike depending on the weather, to do some essential shopping (with my home made mask and blue medical gloves) at the supermarket, Government liquor store, and pharmacy nearby. I very quickly learned the best day and schedule to avoid long line-ups. I also always rode my bike everywhere in Oranjestad when I was a kid.

Even though I sleep in later during this time, and after a few days

early on in miss matched pajamas lounging about watching Netflix, I reverted to the more structured and less self-indulgent Aruba upbringing, washed and dressed in matching outfit for the day, no later than noon (lol).

Every late afternoon I start up dinner, and find that during this quarantine have a heavy hand with the spices, curries, and Piri-piri sauce than usual, not to mention a more generous free hand pour at cocktail time. How else would I survive watching the evening news on TV local, USA, and International?

I have to admit that I do swear out loud when the Trumpeter comes on, and most of the time I still swear in Papiamentu or Spanish, my mother used to put tabasco on our tongue when we said dirty words, now I put a quarter in a jar, which when full I donate to one of my fave charities. If they only knew where that foul mouthed \$\$\$ came from.

After dinner, some more couch and TV time brings me to closing time at the Cantina, and after some reading hopefully some ZZZZ time, and though mostly nightmares a rare sweet dream during this corona quarantine. ☐

Is it time to reopen the beaches and oceans?

By Melissa Martin

OHIO, U.S. — Humans are missing beaches. No matter what country or what coastline, people love ocean waves and sunny days. What mysteries abound in salty waters? What induces the desire to stroll along in bare feet? What is that inner yearning about? The magical healing power of majesty. Na-

ture's playground without admission tickets. Beauty without borders. Connection to the mind, body, spirit.

The pleasure principle is definitely at work whilst we relax and rest under an umbrella with a frosty beverage. Emotions are engulfed in a beach bubble as stress melts away. Leisure for our lungs. The beach is

a balm to the body. The cold plunge into the ocean tingles the toes. And for a while, we feel satisfied. The mind is living in the moment. Hustle and bustle are put on hold.

The brain is wired for the beach. Inside the brain small electrical charges are generated as we see, smell, hear, touch, and taste. Senses sizzle via stim-

ulation. Neurological functions such as attention, memory, language, and emotion are cooking in the cortex.

Why is the human-water relationship so profound? The story in Genesis tells us that in the beginning God created the heavens and the earth. Now the earth was formless and empty, darkness was over the surface of the deep, and the Spirit of God was hovering over the waters. And God said, "Let there be a vault between the waters to separate water from water." And God said, "Let the water under the sky be gathered to one place, and let dry ground appear."

The pandemic has pushed the pause button for beach bliss. Local residents miss the surf and sand. Vacationers miss being refreshed by sun and sea.

Is it safe to reopen some beaches with some restrictions?

USA Today did a recent fact check and reported that sunlight does not kill the new coronavirus. "There is some evidence to suggest the spread of the virus may slow down as the weather gets warmer. That may lead some to incorrectly suggest sunlight as a tip to stay healthy," the article continued.

Does ocean salt water kill COVID-19?

"Scientists across the globe are scrambling to learn the basic characteristics of the virus, and so far, neither the World Health Organization,

the U.S. Centers for Disease Control and Prevention nor local health agencies have warned that the virus can be spread by ocean spray or coastal breezes. However, they have warned that it can be spread by droplets from sneezes and coughs, and by coming into contact with it on surfaces," environmental reporter Rosanna Xia reported in an article in the Los Angeles Times (April 11, 2020). Xia interviewed Charles Gerba, a professor of microbiology at the University of Arizona. Gerba studied the coronaviruses in wastewater since the SARS outbreak and reported that 90 percent of COVID-19 is removed from human sewage due to sensitivity to disinfectants before its released into waterways.

Many citizens are demanding the reopening of the world. One report says no—another report says yes. One expert says no—another expert says yes. One side cries apocalypse disaster—one side cries conspiracy theory. The truth hovers somewhere in the middle? ☐
